

# CLEAR

## ELEGANCE WITH ALUMINIUM

Profin's Clear is the only range in which the exterior surface is coated with aluminium. The wood parts and interior surface are made from long-lasting, tight-grained pine. The wood surface adds a special touch to the design, especially when treated with transparent paint. Clear's design is elegant and ageless.

**Material** pine, alternatively oak

**Outside** with aluminium cladding

**Inside** with surface-treated wood

**Width** at maximum 10 000 mm

**Height** at maximum 2 990 mm

**NB!** When the height  $\geq$  2 500 mm, agree on custom transportation.

### Product structure

- solid wood, aluminium cladding on the outside
- the insulated glazed units in the fixed section are sealed tightly to the casing
- the windowpanes on the sliding and fixed sections are not of the same size

**Casing depth** 195.5 mm

**Casing thickness** 65 mm / 54 mm

**Threshold height** 60 mm, when fully embedded 45 mm

### Unrounded edges

### Standard metal parts

- patio locking, type A: handle inside, flush pull outside
- for more information about the locking options, consult your seller

### Glazing triple glazing

The glazing is designed to meet the site's building requirements.

**U-value** (width x height)

### Dimensions (for CE marking):

- 2 000 x 2 180 mm = 0.78 W/m<sup>2</sup>xK

### Other dimensions:

- 3 000 x 2 300 mm = 0.71 W/m<sup>2</sup>xK
- 4 000 x 2 600 mm = 0.67 W/m<sup>2</sup>xK

Further details on the Clear range, including options for colours and door fittings, available from [www.profin.fi/en/](http://www.profin.fi/en/)

### Accessories

- **sun protection glass** to block excessive heat radiation
- **hard-coated spectrally selective glazing** to prevent fogging
- **sliding insect screen**  
maximum dimensions: 1-part 1 500 x 2 450 mm  
2-part 3 000 x 2 450 mm

# GLASS SLIDING DOOR MORE THAN A DOOR

The Profin glass sliding door opens up new views and brings a special comfort to your home: offering light, space and seasonal landscapes. Also, the glass sliding door combines indoor and outdoor spaces effortlessly and allows efficient use of floor space.

The air-tightness and thermal insulation characteristics of glass sliding doors are superior to those of traditional doors.

#### **Coherent design for your home**

To complement your glass sliding door, choose fixed windows from the same product range. The design and technical details are the same.

#### **Effortless installation**

Profin supplies its products ready for installation. The shipment includes all the necessary accessories, instructions and also colour-matched maintenance products.

#### **Quality from Finland**

Profin is a Finnish company specialising in the design and manufacture of high-quality windows, doors, and glass sliding doors. The company has produced glass sliding doors for over 20 years and other products for nearly 40 years, with exports to more than 30 countries. Profin is firmly rooted in Pudasjärvi, Northern Finland.
